### [Nortel's BCM Product \(BCM 50, BCM 200, and BCM 400\)](#)

VoIP Handsets.

Business Communications Manager (BCM) (BCM 50, BCM 200, and BCM 400) delivers small/medium-sized businesses and branch offices the only converged voice/data solution in the industry, providing a choice of IP-enabled or pure-IP strategy. Leveraging existing Meridian, **Norstar**, and Communication Server 1000 investments, BCM (BCM 50, BCM 200, and BCM 400) has the capabilities businesses need including telephony, unified messaging, multimedia call center, interactive voice response, IP routing and data services such as firewall, wireless, and more.

**[Business Communications Manager \(BCM\) 50](#)** is designed specifically for the small to medium business. The BCM 50 is an all-in-one, affordable platform for converged voice and data communications with 3 to 20 stations, yet scalable to serve more than 40 stations.

The BCM 400 system is capable of growing from as small as 4 extensions all the way up to approx. 150 extensions. It supports the new IP based sets from Nortel - this includes the BCM i2001, BCM i2002, BCM i2004, BCM i2050, and the BCM i2007 VoIP Enabled sets.

#### Key Features:

- **Cost-effective scalability** from 10 to 150 stations using a mix of digital and IP stations.
- **Simplified network infrastructure** (BCM) (BCM 50, BCM 200, and BCM 400) cuts costs by connecting IP phones over the LAN wiring system, seamlessly extending features to multiple sites through IP connectivity and streamlining network

Help ! You are looking for a Voice over IP enabled system. The Nortel BCM product is **Nortel's Voice over IP** (VoIP) Enabled system. This includes the Nortel BCM 50, BCM 200, and BCM 400 (formerly BCM 1000) systems. From this menu you can choose to get information and pricing on the Nortel BCM 50, BCM 200, and BCM 400 key codes, BCM 200, BCM 400, and BCM 50 Media Bay Modules, and BCM

management. IP trunking enables a business to optimize network bandwidth and reduce network costs.

- **Redundancy options, (BCM) (BCM 50, BCM 200, and BCM 400)** including power, fans and hard-drive, automatically detect failures and switches over seamlessly without any loss of service. This optional feature provides protection where security and reliability are the key drivers to communications systems.
- **Browser-based management (BCM) (BCM 50, BCM 200, and BCM 400)** simplifies installations, and provides an intuitive, wizards-based method of managing the network from any Web-enabled workstation.
- **Unparalleled telephony features (BCM) (BCM 50, BCM 200, and BCM 400)** - with the most complete telephony feature offering for small sites, no business has to make compromises on how to process critical customer calls.
- **Full suite of applications (BCM 50, BCM 200, and BCM 400)** (BCM) - including voice messaging, unified messaging, interactive voice response, multimedia call center and wireless, enable your business to streamline costs, be more productive, and better serve customers

Nortel will be introducing the BCM 300 and BCM 600 in mid 2007.

Digitcom Canada sells business phone systems from Avaya and Nortel. We sell the **Avaya IP Office** and Nortel Norstar, and BCM 50, BCM 200, and BCM 400 from our head office in Toronto, Ontario Canada. Please feel free to contact one of our sales reps. at our Toronto, Canada office at 416-783-7890. We look forward to hearing from you.
