[Nortel Phones: Nortel M and T Series Sets](#)

Nortel introduced the M (Meridian) sets in 1988, and replaced the M series sets in 2000 with the Business Series Terminal Sets (T series phones). Both the M and T series style of phones will work on all of the Nortel phone systems - this includes the old 3X8, 6X16, 8X24, and the newer CICS, MICS, and the **BCM 200**, BCM 400, and the new BCM 50. The T7316 and the M7310 and M7324 sets all have soft keys for easy navigation.

Digitcom Canada sells business phone systems from Avaya and Nortel. We sell the **Avaya IP Office** and **Nortel Norstar**, and BCM 50, BCM 200, and BCM 400 from our head office in Toronto, Ontario Canada. Please feel free to contact one of our **sales reps** at our Toronto, Canada office at 416-783-7890. We look forward to hearing from you.
